

Ali Kandeel

**SUO GENERAL
ELECTION 2024**

**Vice-President Finance & Administration
Candidate**

Hello, my name is Ali Kandeel and I am a 4th year management student here at UBC-O, I am also aiming to complete a minor in economics before I end my studies here in 2025. I have spent the past 4 years in Kelowna studying and gaining work experience across different positions and industries. I have led my own business and been an integral part in others, through this I've learned the importance of strong financial systems. At the SUO I want to bring in a fresh and experienced POV to handling YOUR money, holding dear the importance of transparency, honesty, and finally making sure that YOU, THE STUDENT, benefits from every penny spent. I would describe myself as a hardworking, driven, and compassionate person, who believe results speak the loudest and look forward to bringing a positive change to your everyday life.
