

Aryan Arora

**SUO** ✓ **GENERAL  
ELECTION 2024**

**Vice-President Finance &  
Administration Candidate**

Hello! My name is Aryan Arora and I am running to be your Vice-President Finance and Administration for this upcoming SUO executive term. I am currently in my second-year pursuing a Bachelor of Applied Science in Electrical Engineering. I'm talkative and outgoing, with think-tank like characteristics, my creativity and problem-solving skills are my strengths which contribute to my proactive and results-oriented approach.

Having been the Director-at-Large on the SUO Board of Directors, I've served the role of a point of contact and source of support for others while building relationships and respecting diverse attitudes. I have showcased my commitment and contribution to the campus community by collaborating with the current Vice-President of Campus Life by spearheading various campus initiatives, such as Freshers Week (FROSH), Expo, Vintage Market, FIFA Tournament and Trivia Nights, for which I conceptualized, planned, and executed diverse projects.

Additionally, my involvement extended to serving on the oversight committee, where I played a crucial role in understanding and monitoring the functions of each executive member. By venturing out into the role of VP Finance and administration would allow me to reflect these traits in a diverse setting and provide me with a pedestal to address these matters. I wish to use my past experiences in the SUO to further achieve the unattainable by cultivating strategic partnerships, advocate for a budget that support our goals and vision, and represent the best interests of the students of UBC-O.
