Deepak Bedi

Director-at-Large Candidate

"

DEEPAK

Hello, I'm Deepak Bedi, a candidate for Director at Large in the upcoming SUO executive term. Pursuing a Bachelor of Applied Science in Electrical Engineering, I'm dedicated to improving student life. As an avid explorer and community enthusiast, I've established the Boxing Club and organized successful events to foster engagement. Recently, I've advocated for subsidized student help software to ensure equitable access to essential resources. Moreover, I'm committed to addressing disparities between our campuses by implementing strategies to enhance opportunities and resources for all students. I envision a campus where every student feels empowered and supported throughout their academic journey. With your support, I'm eager to work towards creating a more inclusive and vibrant community. Let's make meaningful progress together. Thank you for considering me for this vital role.
