

Veeru Seethanaboyina

SUO  **GENERAL
ELECTION 2024**

**Faculty of Science Representative
Candidate**

My name is Veeru Vaidesh Seethanaboyina, a first-year computer science major. I am one among you, someone who has always wanted to contribute to the Okanagan campus, its students, and fellow peers. As a result, I have been an active participant in the Students' Union Okanagan (SUO) and its activities. Through my involvement, I have sought to understand the functional and organizational operations of the SUO, which has also afforded me the opportunity to travel with committee members and the executive board.

During my journey with UBC Okanagan and the SUO, I have realized that to contribute to a greater level of service, it would be beneficial for me to become a part of the board. By doing so, I can effectively bring forth people's ideas and my own efforts. Therefore, as an initiative, I have decided to stand for the Faculty of Science representative position in the upcoming 2024-2025 elections.

Coming from a political family in India, I have been deeply involved in social services and teamwork, striving to address the needs of all communities. My goal, once elected, is to bring valuable resources that will aid in academic, physical, and mental well-being. I aim to bridge the gap between the SUO and students, facilitating the exchange of ideas and innovations while exposing the faculty to various outside fields. I am committed to taking all necessary initiatives for the progress of each individual in my respected faculty and ensuring that every department, club, and course union receives equitable resources.
